

Socket Scanner CHS 7Ci (8550-00062 E)

Configuring for use with ZiiZii iOS App

To **Turn Scanner ON**: Press & hold down small round black button located on top of scanner until it beeps.
To configure: Scan these barcodes while the scanner is **NOT** connected to a device.

TURN i-PAD OFF.

To SCAN: Hold down large black button and red line will appear.

Scan for Factory Reset

Scan for iOS Mode

Scan to **enable** scanning MSI codes (disabled by default)

Scan to **enable** transmitting UPC-A Check Digit

Automatically convert UPC-E to UPC-A

UPC-E → UPC-A

STEP 2: While SCANNER is still ON:

TURN i-Pad ON

PAIR THE i-PAD and SCANNER:

- OPEN Settings > Bluetooth > TURN ON (Green)
- MY DEVICES > DOUBLE TAP SOCKET CHS TO PAIR > CONNECTED will appear
- EXIT SETTINGS AND **OPEN ZiiZii App** > Click Choose Customer > Click New Order
- It will say SCANNER **CONNECTED** in Green
- **SCAN ITEM UPC'S and/or BARCODES.** Scanner will **BEEP** when an item is scanned correctly.
